

R-Club: Welcome presentation

Félix Cuneo
University of Bern - ISPM

December 16, 2019

BACKGROUND

Goals

BACKGROUND

Goals

- ▶ Networking : who has expertise on what

BACKGROUND

Goals

- ▶ Networking : who has expertise on what
- ▶ Sharing : presenting a specific knowledge on R

BACKGROUND

Goals

- ▶ Networking : who has expertise on what
- ▶ Sharing : presenting a specific knowledge on R
- ▶ Creating material : having a depository (where?) where each of us can benefit sometimes

- ▶ Sharing : presenting a specific knowledge on R
- ▶ Creating material : having a depository (where?) where each of us can benefit sometimes

FORMAT

If the format limits to presentation of package, the club will probably die of itself within a few month

FORMAT

If the format limits to presentation of package, the club will probably die of itself within a few month

- ▶ R presentation (e.g., This package is amazing, everyone should know about it !)

FORMAT

If the format limits to presentation of package, the club will probably die of itself within a few month

- ▶ R presentation (e.g., This package is amazing, everyone should know about it !)
- ▶ Work in progress (e.g., I am doing that, what do you think ?)

FORMAT
